Scottish Meeting 2008

Staffing

With the SRA having accepted the invitation to host the National Match at Barry Buddon as part of the Scottish Championships Meeting over the period Saturday 7th to Monday 9th June 2008, it will inevitably be the case that entry numbers to the Championships will be approximately twice those of normal years. This has made it necessary for us to book both the North and South Classification Ranges in order to accommodate competitors taking part in the individual squaddled events of the Meeting. The usual small core of dedicated volunteers upon whom the running of the Meeting has previously depended will therefore require to be bolstered by a considerable number of additional helpers during the initial two days of individual squaddled competitions. These additional personnel will be required on a fulltime basis and will therefore not be able themselves to take part in the competitions. They will, however, have their expenses for travel, accommodation and subsistence met by the association.

We need:

- 6 qualified NRA RCOs to supervise activities on the firing points, on a rota Basis, under the guidance of our Chief Range Officers Bob Aitken and Allan Mabon.
- 4 Butts Supervisors who are preferably but not necessarily also qualified NRA RCOs.
- 1 ammunition orderly to be responsible daily for the issue and return of live rounds, and the return of issue ammunition fired cases.
- 1 administrative assistant to help with the issue of competitors' cards and the oversight of daily attendance registers.
- Sundry others.

All who feel that they are available and able to carry out one or other of the above functions are invited to indicate their interest by completing the accompanying *pro forma* and returning it to the Meeting Organiser without delay.

Allan Mabon
Hon Sec SRA & Scottish Meeting Organiser
