### Notes

**Marking** Electronic target marking will be used for this meeting.

**Rifle Zero** It is important to minimise the chances of hitting the sensor wires running around the target edges. Please ensure that you have known elevation and wind zero settings for the distances to be shot, especially the starting distances of 500 yards (Saturday) and 900 yards (Sunday).

**Please advise the RCO if you do not have a reliable zero.**

**Squadding** Competitors will be squadded two shooters to a target sharing one monitor. Please give consideration to those requiring the right hand or left hand position in order for them to see the monitor and their scorebook.  
**Quick changeovers will be essential if we are to complete the shoot within a reasonable time.** It will not be possible for the next two firers to get into position till the current firers are finished, so please clear the firing point immediately you finish your shoot. **Please fill in as soon as your target is free, there will be only one detail at each distance.**

**Cost** Entry fee increase this year is to cover the increased range hire charges.

**Rifles** (TR) Any target rifle conforming to NRA regulations in 7.62mm, 5.56mm or .303" calibre may be used. ('F' class rifles see under 'F' class.)
